

Imagination Stage Classes for Homeschool @ Lakewood

Amazing Animal Adventures

In this class, students explore characters and storytelling through their favorite animal characters. Waddle like Mr. Popper's penguins, hang from a tree while monkeys steal some "Hats for Sale", and outsmart a big, bad wolf with a gang of three little pigs. Parents are invited to observe the last 30 minutes of the last class for an informal sharing where the students share what they have learned in class (subject to change depending on COVID protocols).

Improvisation

Improvisation is the art of acting without a script. Students work in the format of theatre games or short form scenes, which address important theatre skills such as listening, making clear choices, timing, and teamwork. Exercises encourage students to make spontaneous character and conflict choices and learn what sustains those choices for the length of the scene. Students also learn to focus on their partners and say "yes!" to actions and characters introduced into a scene. Parents will be invited to observe the last 30 minutes of the last class for an informal sharing where students share what they have learned in class (subject to change depending on COVID protocols).
